

Gurqura Terry

## 2018 Prices

Complete bicycle prices begin at \$3920 for a triple group, \$4220 for a compact double with integrated shift levers.

The triple group uses a Velo Orange triple with Shimano derailleurs and shift levers. The compact group uses a Shimano Ultegra 11-speed group.

Typically, other components are made by Thomson, Dimension and Cane Creek and are chosen based on the customer's need.

Wheels are from Velocity.

You can customize the bike with disc brakes, S&S couplers, additional braze-ons, lugs....let your imagination carry you away. I'll be glad to provide an estimate for your dream bike.

The price includes shipping in the continental U.S., assembly, and fitting. Sales tax applies to shipments to a New York address.
